

Anilox Cleaning Gel

Ecological Cleaning Gel for dissolving dried Ink- and Coating emulsions on Anilox cylinders

Key benefits

- efficiently removes dried ink and/or coating emulsion and restores maximum transfer capacity
- suitable for cleaning both water- and solvent based residues
- very efficient on Anicolor™ inking unit

Properties

- biodegradable water based gel
- use for manual cleaning or in an ultrasonic bath
- Colourless

Application

- apply undiluted to the cylinder using a firm bristle brush
- make sure the full surface is covered with thick layer of gel
- let react for minimum 15 minutes, brush the surface again to reactivate
- repeat this procedure once more after minimum 15 minutes.
- rinse away carefully with fresh water, or preferably with 1/3 mixture Saphira Coating Cleaner 590 and water for enhanced performance

Technical Specifications

Sheetfed	applicable
Heatset	not applicable
Coldset	not applicable
Flexo	applicable
Packaging	1 L
