

Technical Data Sheet

Saphira TCP115 Coating Plate

Application Strippable coating. Plate commercial sheetfed and packaging.

Compatible Surface Designed for aqueous and UV

Excellent Coating Transfer The micro-buffed rubber surface allows a consistent coating transfer over long runs.

- Benefits**
- Fast and accurate cutting
 - Easy to strip with clear and visible cut lines
 - Easy to handle and re-use
 - No fabric pattern
 - No back trapping

Technical Details

COLOR	Blue	PLATE CONSTRUCTION	Polyester
SURFACE	Micro-buffed Rubber Face	COATING COMPATIBILITY	Aqueous and UV
AVAILABLE THICKNESS	1.15 mm ± 0.05	ROUGHNESS	Ra 0.6
CARRIER THICKNESS	0.35 mm	CUTTING DEPTH	0.80 mm
